

Expanding Your Voice

Ask others whom you think might want to help:

- Family members, Friends, Neighbors of patients
- Co-workers/ caregivers (don't have to be dental personnel)
- Community leaders/ business people
- Unions (Many institutions are unionized)
- Judges (who have contact with our clients)
- Lawyers (who are involved with advocacy for our clients)
- Physicians (who treat our patients)

All you have to do is ask and our collective voices will be heard.
Numbers Count!!
